

Regional Crime Analysis Yearly Needs Assessment Instrument

Name/Title/Rank:
Agency:
E-mail/Phone:
How would you rate your knowledge of policing strategies (basic, intermediate, advanced)?
How would you rate your crime analysis experience and training (none, basic, intermediate, advanced)?
Please rate the following training areas on a scale of 0 – 4. 0 indicates no need for the training 1 indicates a low need for training 2 indicates a moderate need for the training 3 indicates a high need for the training 4 indicates that the training is a top priority

Training Area One: Policing Strategies and Tactics	Rating
General Training on Policing Strategies (training would cover several strategies including Intelligence-Led Policing and Problem-Oriented Policing)	
Implementing Intelligence-Led Policing Strategy	
Fundamentals of Problem-Oriented Policing	
Design and Implementation of Problem-Oriented Policing Projects	
Focused Deterrence (Pulling Levers, Community Initiatives to Reduce Violence) Strategies	
Hot-Spots Policing	
CompStat and Other Analysis-Driven Management Accountability Programs	
Planned Change and Overcoming Organizational Inertia	
Community Policing: Strategies and Tactics	

Training Area One: Policing Strategies and Tactics		Rating
Quality-of-Life Policing (Broken-Windows Policing)		
Evidence-Based Policing		
Environmental Criminology and Theoretical Foundations of Crime Analysis		
Situational Crime Prevention		
Crime Prevention Through Environmental Design		
Predictive Policing		
Repeat Offender Programs		
Offender Reentry Programs		
Homeland Security Strategies (Risk Management, Critical Infrastructure and Key Assets Protection)		
Training Area Two: Substantive Areas		Rating
(Please Specify Specific Training Need Next to the General Term)		
Gangs:		
Terrorism:		
Hate groups:		
Drug enforcement:		
Human trafficking:		
Gun enforcement:		
Computer crime:		
Financial crime:		
Environmental crime:		
Civil rights/civil liberties/privacy/related legal:		
Other (please specify):		

Training Area Three: Analytical Knowledge and Skills	Rating
Interpreting Crime Data Sets (such as the UCR and NIBRS)	
Basic Principles and Techniques of Geographical Analysis Including Mapping	
Intermediate Principles and Techniques of Geographical Analysis Including Mapping	
Advanced Principles and Techniques of Geographical Analysis Including Mapping (such as Geographical Profiling)	
Investigative and Intelligence Analysis Charting	
Effective Communications (writing narratives and making presentations)	
Knowledge of Databases (how to implement/maintain a database, available databases)	
Spreadsheet Operations	
Internet/Intranet skills	
Knowledge of Crime Analysis Basics	
Basic Temporal Analysis	
Intermediate or Advanced Temporal Analysis	
Use of Descriptive and Inferential Statistics	
Basic Demographic Analysis	
Intermediate or Advanced Demographic Analysis	
Applied Research Methods (such as survey design, field observation, and interviewing)	
Critical Thinking Skills Including Problem Analysis	
Knowledge of Criminal Behavior Including <i>Modus Operandi</i>	
Basic Criminal Intelligence Analysis Principles and Techniques	
Intermediate or Advanced Criminal Intelligence Analysis Principles and Techniques	
Basic Criminal Investigative Analysis Principles and Techniques	
Intermediate or Advanced Criminal Investigative Analysis Principles and Techniques	

Training Area Three: Analytical Knowledge and Skills	Rating
Risk Management Tools (Vulnerability, Threat, and Criticality Assessments)	
Other Analytical Training Need:
